

WE ARE MACMILLAN. CANCER SUPPORT

Turnils has had the pleasure of donating to various local charities during recent years. Last year we participated in the World's largest coffee morning with Macmillan and since then have continued to support the charity.

At Christmas we donated the money normally spent on Christmas cards to Macmillan. And we are looking forward to the next coffee morning September 2008.

Macmillan are a source of support, helping with all the things people affected by cancer want and need, and a force for change, pushing for better cancer care. Together with people affected by cancer Macmillan pave the way to better cancer care and support for everyone across the UK.

Next Issue...

We look forward to delivering more news, views and special features in the next newsletter later on in the year.

We'll be looking at new products and marketing support, updates to the website and continue on to the journey of placing names to faces with 'Marketing'.

In the meantime, if you would like to be kept informed of the latest news and offers sign up for email updates with jodi.kirby@turnils.com.

POWERSHADE

Innovation Security Convenience

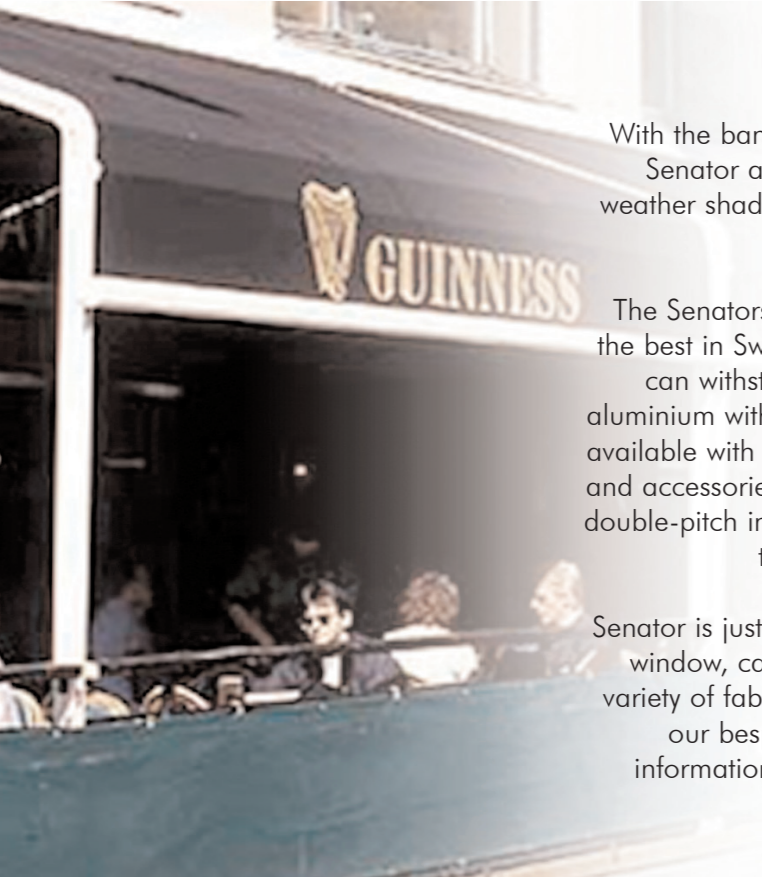

Recent advances in technology have made the luxury of an automated Vertical blind system affordable with the high quality Powershade system. Powershade offers a simple solution for all your Vertical blind automated needs, and we provide expert advice to assist you all the way. For security and peace of mind, convenience at the touch of a button and safety with the elimination of hanging cords, Powershade has the perfect package.

Blinds range from a standard remote control to a fully automated one with components concealed within the sleek and modern headrail system. Choose from an extensive range of beautiful fabrics in a wide choice of colours and textures.

For more information call Sales on 01384 233233.

EXTRANET

We invite you to join the Turnils Extranet member log in area. Register today for your log in password and receive access to useful documents, inspirational product photography in the Image bank and full marketing support including component books, product leaflets and more.

AWNINGS

With the ban on smoking in public places now firmly in place, Turnils new Senator awning can provide the perfect sales opportunity. A stylish all-weather shading system that is perfect for the UK outdoor entertaining and café/bar culture.

The Senators outstanding strength and durability has been combined with the best in Swedish design to create an exceptionally attractive awning that can withstand the most severe of weather conditions. Constructed from aluminium with a cassette that protects the fabric when retracted, Senator is available with motor drive for ease of use. Packed with options in operation and accessories, the Senator can be manufactured with a support frame for double-pitch installation, roof flashings, gutters, drain pipes and gable ends to create a versatile and flexible outside room awning system.

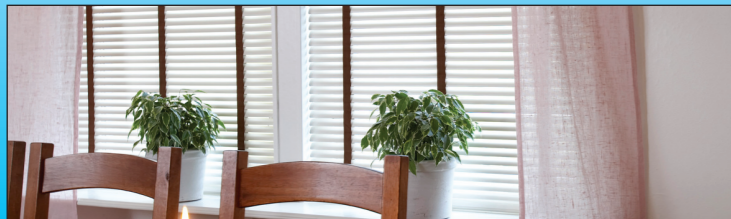

Senator is just one of the many awnings available from the range including window, canopy, screen and terrace. Fully made to measure with a wide variety of fabrics and trimmings, from solid colours to stripes and patterns, our bespoke designs are suited for any installation. Further technical information is available on request including prices, ordering forms and comprehensive fitting instructions.

For information on the full range of awnings, including contract and domestic then contact 01384 233233.

VENETIANS

When Turnils was founded in 1953, we only made slats in one colour – eggshell white. The range has of course grown and today, more than 50 years later; we produce hundreds of colours, in hundreds of metres.

During the past few years we have also launched some new and exciting colours and patterns including Tread plate, Jute and X-perforated. More recently has been the introduction of Wood FX, a new wood paint finish in 9 natural wood grain patterns from birch to walnut. The finish of the slat enables an excellent colour and pattern consistency while maintaining a smooth overall appearance. The full range is available in 25 mm slat widths and 6 of the colours have additional availability in 50 mm. Fully colour coordinated with a wide range of attractive, high quality components ensures problem-free production, installation and operation.

MEET SALES....

Lindsay Griffiths Office Manager

Lindsay coordinates the busy sales office at Turnils where she has been a member of the group for more than 30 years. Her daily activities include ensuring stock levels are accurate and liaising with suppliers where necessary, overseeing the sales operation, all while managing to handle customer calls where possible.

Louise Packer Sales Coordinator

Louise works closely with customers handling queries, processing and chasing orders while managing all areas of administration for the department. Approaching four years with the company, Louise has developed an excellent rapport with customers and continues to develop relationships while delivering outstanding levels of service at all times.

Jayne Smith Accounts

With over 20 years experience at Turnils in the Accounts department, Jayne is responsible for the sales ledger in compliance with the companies Credit and Accounts Receivable Management Policy. Working with customers to investigate queries, providing necessary information including invoices and statements, and relaying queries to the operations team.

NEW RECRUIT Michael O'Sullivan

Michael joins Turnils as Area Sales Manger for Ireland, working closely with customers to build and develop relationships, presenting new products, marketing and point of sale. Michael can be contacted on 07768 873094
